

A TONIC CAPABLE OF RAISING PEOPLE, AND MIXES TO THE NEXT LEVEL.

Claytons is an exotic, Caribbean made tonic, originally created by the Clayton brothers in Battersea, London, England circa 1880. It was in the kola nut, with its reputation as an aphrodisiac, that the Claytons Brothers found the secrets to reducing fatigue, hunger and indigestion. Now made in Barbados and distributed around the world, Claytons has retained its mystical allure for over 140 years.
